

Magnetic Island is a community with a great

mixture of adult learning programs in place.

U3A is a self-help, not for profit organization devoted to learning for the fun of learning, while making new friends and keeping old ones. U3A offer a number of courses with an annual fee for membership of \$30 with one free class.

For the following classes, you are invited to your first introductory class for free, after which there is no class cost, but a U3A membership is required.

See the What's On daily events calender for more information on each session.

U3A Monday Talks

Every Monday from 10am to 12noon.

A wide range of mostly environmental subjects is covered. These include: oceanography; plate tectonics and volcanics; climate change; physics; marine and coastal ecology; botany; human anatomy; astronomy etc.

Check out the daily What's On calendar in the top left hand corner of this page for more info.

Would you like to start a class?

If you have a great idea and you'd like to start a class in your chosen topic, just email [U3A](mailto:U3A@u3a.org).

Would you like to add a class which is not listed here?

If you already have a class which isn't shown on the list above, just email all the details to Don Kinsey at [U3A](mailto:U3A@u3a.org), and remember to list it on the [What's On Calender](#).
