MIRRA aims to provide ratepayers and/or residents with an association that will act on behalf of its members in any matters of concern to the
lifestyle and livelihood of its members, and to be strictly non-political
and impartial, always having taken the attitude of the majority of its
members.

**Our objectives are:**

1. To provide a forum to identify the major concerns of the majority of the community.
2. To consult with the membership on action to be taken about these concerns.
